Forex Mentor Table of Contents

# Forex Mentor™

Peter Bain's [Forex Mentor](#) training course teaches sound trading principles for the Forex market and provides a foundation for creating real wealth with the help of an excellent support and mentoring team.

The Forex Mentor course is delivered in large part through an enormous collection of video that provides clear examples of the concepts presented in the course. In addition to the large video library is a mentoring program offered through the Forex Mentor member's area.

The purpose of this document is to provide prospective students with an overview of the video content delivered through this course by presenting the table of contents of the 12 discs included with Forex Mentor. Each of the items in this table of contents represents an individual video.
